

# NECTM8

the 8th Northern European Conference on Travel Medicine

Rotterdam, June 8 - 10, 2022

Dear colleagues in travel medicine,

Unfortunately, we had to decide to move again the planned NECTM8 congress from March 2022 to **June 8-10, 2022**. A number of reasons played a part in this decision. In particular, the current corona situation in our own country and the EU. Also the new Omicron variant cause many uncertainties for the short term. In consultation with the congress organization and De Doelen in Rotterdam, we have agreed to move the conference to June 2022, we estimate that conditions will be much more favorable in June.

The new date for the early bird registrations is **March 9, 2022**, and the deadline for abstract submission is **March 26, 2022**.

Have you registered for the conference or submitted an abstract you will be contacted by MKON.

We hope to meet you all next year and wish you a very merry Christmas.

Martin Grobusch and Jelle Doosje
