NaTHNaC Webinar: update

Getting to grips with common clinical queries to the advice line

NaTHNaC introduced a series of live webinars in 2018 to discuss the dilemmas posed by some common clinical queries to the NaTHNaC Health Professional Advice Line.

The first 2019 webinar is **Yellow fever vaccination and a traveller to Rwanda**, Thursday 21 February at 13.30-14.00.

You will need to [register here to be able to join us for this free event](#).

Numbers who can join are limited to 100. Registration is available on a first come first served basis.

Go to [Webinars, Online Guides and E-Learning](#) for further details of how to register and join the event.
