**WHO publish the updated list of country yellow fever certificate requirements 2020**

**Changes to the website in progress**

The World Health Organization (WHO) have recently published updates to the country yellow fever recommendations and certificate requirements in *International Travel and Health*, both [Annex 1](#) and [Country List](#) have been updated [1].

NaTHNaC is currently updating the country information changes to reflect these requirements. For detailed current information regarding requirements and recommendations please refer to this publication while the [Country Information pages](#) are updated.
